An Apocalypse of Our Own by Jeff Strand - Goodreads

AN APOCALYPSE OF OUR OWN by Jeff Strand is the story of two friends stuck in a bomb shelter together for months. Eventually they become friends with benefits, but that is a minor detail. Missy and Kevin are awesome characters, and I think this story would work as a horror-comedy movie.

On July the 16th 1945, in a remote part of the New Mexico desert, the most terrifying device in human history was used for the first time. The first atomic bomb was detonated. On that day mankind finally took the apocalypse out of the hand of God and put it in their own, they gave so much power to so few that a war could be ended in seconds.

We are heading to an apocalypse of our own creation.

According to scientists, the most probable cause of the apocalypse is humanity creating, and then losing control of, artificial intelligence projects. AI researchers use human intelligence as both a benchmark and a template. Thus, there's a possibility of creating this type of technology in our own image.
