...

A good strategic planning model is made of building blocks that can be organized to fit each unique organization. The strategic planning process is flexible and malleable so it can fit the organization's unique needs. That is vital. But, equally vital is a process comprised of dependable, stable components.

A Comprehensive Strategic Planning Model

Strategic planning, like comprehensive planning, is a systematic way of managing change. This section of the training module identifies what strategic planning is, when it is the best choice, some disadvantages to this choice, different types of strategic planning, and the technical components of each type.
