A flight of 10 steps led up to the temple, the doorway of which was flanked by two bronze columns. The early temples of the Greeks originated in the megaton (a rectangular hall with pillared porch at one end) Pillars were later added to the other end, then to the sides. A single gable ran the length of the roof.

Map of Human Migration. Our species is an African one: Africa is where we first evolved, and where we have spent the majority of our time on Earth. The earliest fossils of recognizably modern Homo sapiens appear in the fossil record at Omo Kibish in Ethiopia, around 200,000 years ago. Although earlier fossils may be found over the coming years,...
