The power turbine of the PGT16 gas turbine is identical to that of the PGT10 heavy duty, high efficiency gas turbine which has been in operation for more than half a million hours. Page 15: Pgt25 PGT25 Aeroderivative Gas Turbines The PGT25 gas turbine consists of an LM2500 GE aeroderivative gas generator coupled with a rugged, industrial power ...

2. Boiler And Boiler Aux. Bhel Manual

Steam turbines are being started based on operating instructions developed by turbine manufacturers and constituting an integral part of start-up instructions of a steam unit. The operating instructions describe the order of executing start-up actions and provide the values of operating parameters that should be
