## Hacking 6 In 1 Box

Below are the most common things you may notice after a computer is hacked.

Note. It is very difficult, if not impossible, to determine who hacked a computer or detect who is actively hacking a computer. Tip. Most computer problems are not caused by computer hackers. It is more common for a computer to be hijacked by a virus than to be hacked.

actions. The following list classifies hackers according to their intent.

Crash Course To Computer Hacking

**What is Hacking?**

**Introduction & Types**

**- Guru99**

A black hat hacker is a hacker who "violates computer security for little reason beyond maliciousness or for personal gain" (Moore, 2005). The term was coined by Richard Stallman, to contrast

Download File

PDF Computer
