The Data Journalism Handbook 2, revised and expanded, was published in 2019. It is available online in English and will be translated into Spanish, French and German. Edited by Jonathan Gray and Liliana Bounegru of the Public Data Lab, the 10 chapters focus on: "What is data journalism? What is it for?"

I could answer, simply, that it is journalism done with data. But that doesn't help much. Both 'data' and 'journalism' are troublesome terms. Some people think of 'data' as any collection of numbers, most likely gathered on a spreadsheet. 20 years ago, that was pretty much the only sort of data that journalists dealt with.
