Most terms, laws, techniques, and processes that it defines are not listed in existing general or specialized dictionaries....The book's high quality and uniqueness make this a necessary purchase for all academic and many public libraries."

**Comparative-historical — definition of Comparative ...**

Comparative linguistics, or comparative-historical linguistics is a branch of historical linguistics that is concerned with comparing languages to establish their historical relatedness. Genetic relatedness implies a common origin or proto-language and comparative linguistics aims to construct language families, to reconstruct proto-languages and specify the changes that have resulted in the documented languages. To maintain a clear distinction between attested and reconstructed forms, comparati
