Learning Data Science the right way : datascience

Chapter 1. Introduction: What Is Data Science?. Over the past few years, there's been a lot of hype in the media about "data science" and "Big Data." A reasonable first reaction to all of this might be some combination of skepticism and confusion; indeed we, Cathy and Rachel, had that exact reaction.

Doing Data Science [Book] - O'Reilly Media

That's how I landed on Doing Data Science and Data Science from Scratch. They were basically the only books I could find that even sort of fit my criteria. And even Doing Data Science had a bit of an assumption of some programming. So how did they work out? Doing Data Science - Straight Talk from the Frontline:

Intro to Data Science Books | From the Director's Desk

Doing Data Science is about the practice of data science, not its implementation. It is based on a course on data science that featured a guest lecturer on each topic. This leads to the guest lecturers (and chapters) focusing more on important concepts rather than the methodology.
