DVD Review & High Definition - Blu-Ray and DVD news & reviews

The last film that fantasist George Pal directed, The Circus of Dr. Lao is a minor masterpiece. Tony Randall gives a performance that will surprise most viewers and the whole production is a wonderful, fantastic tale. This Warner Archives release ports over the extras from the original DVD and has a great looking picture.

7 Faces of Dr. Lao : DVD Talk Review of the DVD Video

According to Dr. Jade Teta, an "integrative physician" and personal trainer, his Metabolic Aftershock program claims to use scientifically based, 45-second exercises that can "reprogram, recharge, and reboot your metabolism."

Amazon.com: Customer reviews: DR-HO'S ® Pain Therapy ...

Aside from handful of mixed-quality DVD editions during the last decade or so, The Cabinet of Dr. Caligari has already been released on Blu-ray in various foreign markets including, most recently, a Region B release from Masters of Cinema. The main difference---aside from an obvious bump in resolution and better encoding, of course---is entirely due to the source material, as these Blu-rays utilize a new 4K restoration completed earlier this year.

Doctor Reviews & Ratings - Find a Doctor at RateMDs

The Dr. Fuhrman Nutritarian Diet was founded in 2003, and aims to educate people on how to lose weight with books and DVD's. He promotes healthy eating through a plant-based diet. Dr. Joel Fuhrman seeks to educate people on his philosophy, and provides services to those who could not otherwise afford him in real sessions.

Review of dr zhivago book - September 8, 1958

I've been meaning to publish a review of Welcome Back Pluto: Understanding, Preventing, and Overcoming Parental Alienation for some time now. Having watched it myself and with some children who are targets of parental alienation, I think it is a very helpful video for most kids who are at risk for alienation but who have not yet been totally turned against parent they are being encouraged to ...

Metabolic Renewal Review - Is Dr. Jade Teta Con Artist?

What the Health Review: The Misses. Investigative journalist Nina Teicholz, author of "The Big Fat Surprise: Why Butter, Meat and Cheese Belong in a Healthy Diet," performed an analysis of the 37 health claims made in the film. In her What the Health review, she found that about 96 percent of the data fail to support the film's claims.
