E-Journalism *IITU* - Home | Facebook
e-Journalism: New Media and News Media sets out to illustrate the application of new media technologies for recasting journalism practice. The book raises several fundamental questions on new media journalism and communication research and responds to the polemic issue of bridging new media technology to responsible journalism practice.

E Journalism
Journalism is the production and distribution of reports on current or past events. The word journalism applies to the occupation, as well as citizen journalists who gather and publish information. Journalistic media include print, television, radio, Internet, and, in the past, newsreels. Concepts of the appropriate role for journalism vary between countries.
