Where To Download Error Analysis In A Written Composition

Error Analysis

Error analysis is a method applied to analyze second/foreign language learners' speech or written performance. Research-ers approached error analysis from different perspectives. For example, Corder (1967) and Brown (2000) pointed out to the importance of study of language learners' errors as it displays the state of the learners' knowledge.

Advances in Language and Literary Studies

Error analysis can be a great tool in a writing class as there is a chance to collect errors on a large scale and document them. Speaking classes may not offer ample opportunity to fully assess errors, but logging errors, physically or mentally, will provide the educator a chance to formulate beliefs and strategies to deal with these errors.
