OCR provides AS and A Level qualifications for students of all ages at school, college, and work.

AS and A Level qualifications - OCR

What is covered by the evaluative task? You will carry out an evaluative task using instructions supplied by OCR. Evaluative tasks will be based on a quantitative task. Evaluative tasks will not require additional data collection. The data along with your own knowledge will be used to reach valid conclusions. You will need to assess the reliability and accuracy of an experimental task. You will need to identify anomalies as well as identify significant weaknesses in procedures and measurements.
