Failure is not an option
This "failure is not an option" credo was perfect for the life and death situation that NASA was facing. Failure meant that the astronauts on Apollo 13 would never come home, and that outcome was unacceptable. Attending college, on the other hand, shouldn't be a life or death experience, though it sometimes might feel like one.

Failure Is Not an Option (Audiobook) by Gene Kranz ... FAILURE IS NOT AN OPTION Allison D. Carr Failure, so goes the dominant cultural narrative, is a sign of weakness. Of laziness. Of stupidity and bad breeding and busted bootstraps. Failure will ruin your life. In action, suspense, and sports films, failure is not an option. In real life, failure only happens to bad people.

Failure Is Not an Option: 6 Principles That Advance ...
The term we used was "workaround" -- options, other ways of doing things, solutions to problems that weren't to be found in manuals and schematics. These three astronauts were beyond our physical reach. But not beyond the reach of human imagination, inventiveness, and a creed that we all lived by: "Failure is not an option."

Failure Is Not An Option Failure Is Not an Option is a phrase associated with Gene Kranz and the Apollo 13 Moon landing mission. Although Kranz is often attributed with having spoken those words during the mission, he did not. The origin of the phrase is from the preparation for the 1995 film Apollo 13 according to FDO Flight Controller Jerry Bostick:
