Filling and Wrapping: Investigation 2 Quiz Study Guide Name: _____

1. Use the diagram at the right to answer the following questions. a. What is the total surface area of the box? b. How many inch cubes would it take to fill the box? 2. Give all the possible dimensional arrangements for a box that could hold exactly 16 cubes.

Homework - Ms. Rohrlack

Filling and Wrapping builds on the understanding that area is the number of squares that cover a two-dimensional figure and perimeter is the number of linear units that surround a two-dimensional figure, which expands on the foundation laid in the Grade 6 Unit of Covering and Surrounding by interpreting volume as the number of unit cubes that fill a three-dimensional figure and surface area as the number of squares that cover or wrap the exterior of a three-dimensional figure.

I can't get mine to work. That option seems to be available if I choose the Flowable Layout option, but the staff person I'm fixing this up for created it in Word and with all kinds of graphics, so it would require WAY too much touch-up. I don't seem to have that option with Fixed Pages. My file is attached or here:
