### Fire Rated Led Downlights Free

The Evofire Fire Rated Downlight is a safe and attractive fitting for a GU10 or MR16 LED lamp. The patented "canless" design of the Evofire does not conceal your lamp in a large metal canister, which can trap some of the heat it generates, lowering lamp lifetime and performance.

### Evofire | Integral LED

All our fire rated downlights comply with building regulation parts B & E and have been 30, 60 and 90 minute fire rated, ensuring safety is a priority. Toolstation supplies downlight brands Sylvania and Enlite including the GU10 downlights and IP65 downlights.

### Downlights - Fire Rated - LampShopOnline

However, our range of fire-rated downlights seal off the hole completely, slowing down the spread of fire. The advanced design of fire-rated lights

also come in a variety of finishes and styles. So, you can put safety first and still have a chic lighting fixture that matches your decor and enhances any space it's installed into.

### **LED Downlights | Simple Lighting**

Fire rated downlights help to prevent the spread of fire and minimise the risk of structural damage/collapse. When a recessed downlight is installed, a hole is cut into the ceiling. This hole reduces the ceiling's natural ability to act as a barrier. Fire rated downlights restore the natural fire integrity of a ceiling.
