Ford Transit Forum. ... When I've done clutch cables in the past the only difference was at the pedal end, whether it has an adjuster thread, or a self adjusting end. I don't think the longer length will be a problem, but others may know different. 1991(J) twin wheel tipper 2.5di

Ford Transit Forum • View topic - clutch cable

You can do this by getting a pair of pliers and finding the clutch cable nipple on the pedal. Press the clutch pedal down to the floor and grip the nipple and hold it. Release the clutch pedal still holding onto the nipple. It can also be worth lifting the pedal up at this point to get the ratchet right the way round.
