Critical Analysis Of 'global Capitalism: Its Fall And ...

Global capitalism is often seen in terms of impersonal forces (notably market forces, free trade) wreaking havoc on the lives of ordinary and defenseless people and communities. It is not coincidental that interest in economic globalization has been accompanied by an upsurge in what has come to be known as New Social Movements (NSM) research.

Global Capitalism - an overview | ScienceDirect Topics

Capitalism is a free market system where businesses are left to pursue profits without intervention from governments. Global capitalism is capitalism that transcends national borders. Businesses can extend their reach to everywhere around the globe, profiting from cheap labor and resources.
