Educational standards describe what students should know and be able to do in each subject in each grade. In California, the State Board of Education decides on the standards for all students, from kindergarten through high school. Since 2010, a number of states across the nation have adopted the same standards for English and math.

## **Common Core State Standards - California Department of ...**

Through content standards in the core subjects, California began to redefine the state's role in public education. For the first time, the knowledge and skills that students needed to acquire were explicitly stated for the most part by grade level, although science standards at the high school level were organized by discipline.
