HD and BlueRay looking amazing and some non-HD channels look a bit grainy but to take any normal channel and blow it up 60", you will see imperfections. I read a lot of reviews before buying this TV and the poor audio was most commonly brought up, I am not sure what others are used to for audio but I find the audio great with this TV.

The DLP technology does what it claims, to produce a bright, crisp, clear picture. I do not HD programming yet with my sat. provider, so some channels are a little grainy, but with DVD's and other digital sources, this TV is hard to beat. From a quality to price standpoint, you can't go wrong with this TV. I would highly recommend it to anyone.
