How the World Really Works. More and more Americans are coming to feel that something has gone fundamentally wrong in our society. We have suffered repetitive wars, big and small, some won and some lost, but with the peace always lost. This book intends to expose and stop the destruction, and help to guarantee a future of freedom rather than slavery for our children.

How the World Really Works by Alan B. Jones

In this One World system, population will be limited by restrictions on the number of children per family, diseases, wars, and famines, until one billion people who are useful to the ruling class, in areas which will be strictly and clearly defined, remain as the total world population.

John Perkins, author of "Confessions of an Economic Hit Man", explains how the world really works.

how the world really works - Explained by John Perkins.

"There is only the understanding that needs to be taught to every child in the world, and that is the knowledge that every single individual on this planet is already as powerful as he or she needs to be to create any reality they desire, without having to hurt anyone or anything.

The Real Secret - Wake Up to How The World Really Works

Chomsky did a great job with this book, and it couldn't finished well if David Barsamian didn't ask critical question - almost "every-single-thing" - about how the world really works. Chomsky explained that with such a great insight, with economical science, reigions, political science, and the government itself.
