Hypnosis And Suggestion In The

It is often said that hypnosis is suggestion, but there is actually a quite enormous difference between them.

Download Free Hypnosis And Suggestion In The Treatment Of Pain A Clinical Guide Norton

Hypnosis is a state of mind and suggestion is the formation of an idea. The two work wonderfully well together because hypnosis increases most people's suggestibility , which then makes them susceptible to suggestion - much more so than they would be in 'normal' levels of consciousness.
