~~farmall cub implements products for sale | eBay~~

In 1924, International Harvester introduced a new row-crop tractor named the "Farmall". Its pioneering tricycle configuration would dominate US farms for the next 30 years. IHC used the Farmall brand for all their tractors with a row-crop front axle until the 1970s. At that point, the name was phased out before finally disappearing completely ...

Variations of the tractor (International Cub Lo-Boys) were continued for some time after that. The Cub was the only Farmall built with an L-head engine. Farmall Cubs built in different years can be found with McCormick-Deering, Farmall, and International Harvester decals, depending upon the configuration of the parent company International Harvester in the year of production.
