2 The Mission Of The EU Has Been Completed. The entire point of the European Union (and the various trading agreements that preceded it) was to see if there was some manner in which the French and the Germans could be persuaded to stop killing each other for a while. It was a roaring success.

~~The Global Warming Crisis: Are We Doomed?~~

In brief (not doing justice to the author's arguments), his thesis seems to be "Yes, if by EU we mean the centralized structure which aims to become the United States of Europe. That EU is doomed." But that's OK, because centralization is doomed anyway (witness the pressures for devolution across all of the large European countries).

~~Is the EU Doomed? (Global Futures): Jan Zielonka ...~~

A revitalized Europe led by major cities, regions and powerful NGOs will emerge in which a new type of continental solidarity can flourish. The EU may well be doomed, but Europe certainly is not.

~~The European Union is doomed to fail, here's why...~~

He has previously likened the EU to an empire; now, he claims the union is doomed to disintegrate into the governmental equivalent of polyphonic music. Underneath that strained analogy lies a serious point. Arguments over the future of Europe tend to fall into two extreme camps: the EU must either centralize power in Brussels...

On a continent inhabited by a multitude of diverse peoples with no shared identity, Macron's proposal, if implemented, will surely prove to be the EU's undoing. Years from now, when the EU is either reformed beyond recognition or gone, historians will debate what went wrong and when.

~~Is The Eu Doomed Global~~

Jan Zielonka still believes in the European Union, despite the book's title. Zielonka makes some good points in this rather book-length essay on the European Union, or EU. It's not just about Greece and that country's inability to balance its budget, it's about the EU's cohesion and trust among its members.
