ZF Fault Code Transmission - DHTauto.com

Unfortunately there is no solution to this except to take it back to Iveco for reprogramming. I am led to believe from my locksmith that there are two types of transponders generally put into cars and vans. The first is a simple chip with a code which matches a code in the car / Van The second is a chip which has a set of codes.

Iveco Fault Codes | Fuel Injection | Throttle

Enter the car make and car model for which you want to see an overview of engine codes. In the overview, you will then get a list of the engine codes with the years of construction and engine capacity. If there is a match with other car makes and car models, these will also be shown in the overview.
