Seventh grade Lesson Percent Models Review - Practice ...

Learn the basics of the concept of percent in this easy lesson! Percent (or per cent) means one hundredth. Therefore, 1% means $\frac{1}{100}$ or one hundredth, and 7% means $\frac{7}{100}$ or seven hundredths. Since percentages are just hundredth parts (which means they are FRACTIONS), we can very easily write them as fractions and as decimals.
