Life Science Last Year Common

Life science is one of the two major branches of natural science, the other being physical science, which is concerned with non-living matter. By definition, biology is the natural science that studies life and living organisms, with the other life sciences being its sub-disciplines. Some life sciences focus on a specific type of organism.

Many People Face Depression Over the Last Year of Life
November 16, 2019 November 16, 2019 A Rutgers-led study
finds that many terminally ill people - particularly women, young
adults, minorities and low-income individuals - experience
symptoms of depression in the last few months of their lives, and
that quality end-of-life psychological care is needed to address
this growing trend.
