Investigating Judicial Decision Making | Cornell Research
In a startling 5-4 decision, the Court strained and stretched the law to find that military courts have the power to issue a writ of coram nobis after the case is final. In a spirited dissent, Chief Justice Roberts construed the law strictly and wrote that there is no lawful authority to support the majority’s decision.

Legal research - Wikipedia
legal research: an overviewThe purpose of legal research is to find “authority” that will aid in finding a solution to a legal problem. Primary authorities are the rules of law that are binding upon the courts, government, and individuals. Examples are statutes, regulations, court orders, and court decisions. They are generated by legislatures, courts, and administrative agencies.
