Toshiba Machine in India
Toshiba Machine has installed a High-performance Simultaneous Bi-axially Stretching Pilot Machine FTU-1300SS (Supporting experimental productions of a wide variety of sheet films) Injection Molding Machine

OPERATING MANUAL FOR CONTROL SYSTEM OF INJECTION MOLDING ...
Injection Molding Machine Maintenance Notes Page 4 c. Some machines will have a limit switch, or switches, on the clamp to prevent over-travel of the mold height adjustment. 1) Prevents damage to the mold. 2) Prevents rear clamping platen from coming off the machine ways. d. Activate these switches and verify that the pump motors shut off.

Toshiba Machine Co., America - IM Machine Brochures
Designed into the new ECSXII is the V50, Toshiba's advanced controller that uses real-time input to report molding conditions and make adjustments as needed, resulting in greater part repeatability and fewer rejects. Molders already using Toshiba machines need little or no training to migrate to the V50 on the new ECSXII.

Toshiba Machine Co., America - Injection Molding Home
TOSHIBA MACHINE's Injection Molding Machine is developing its solution business on a global scale and provides its customers with nothing less than total satisfaction.

Toshiba EC65 Injection Molding Machine
The GS & GT Series hydraulic machines have been specifically designed for the molding of medium to large sized parts, multi-cavity tooling and various types of resins. The use of high rigidity platens and a center ram help reduce deflection allowing superior molding of tight tolerance product.

Manual Injection Molding Machine Toshiba
Since its establishment in 1938 as a heavy machine tool manufacturer, Toshiba Machine has evolved into a diverse business comprised of approximately 48 regional companies and offices supplying global markets with injection molding machine, machine tools, die casting machines, extruders, robotics, and high-precision machines.

TOSHIBA MACHINE - DCatalog
Maximum injection and holding pressure are limited according to molding conditions. Energy-Efficient Hydraulics from Toshiba Machine. ©2015 Toshiba Machine, Inc. Take your shop to the next level of productiv-ity with the ISG and ISFD Series of hydraulic molding machines from Toshiba Machine. With clamping capacities ranging from 495

Control System | TOSHIBA MACHINE
All Electric Injection Molding Machine EC-SX series Product Information The EC-SX series with high functional controller responds to high speed injection and a wide range of customer's molding needs, in addition to highly upgraded core performance of the EC-S series.

TOSHIBA MACHINE - Injection Depot
INJkon 01/4.0/ Manual Page 3 of 93 PREFACE INJkon is multi functional controller incorporating micro controller, making it most versatile and cost effective solution optimally designed to best suit the automation needs of injection molding machines. For letter usage and maintenance of control system, detail study of this operating manual will be
