~~Schaechter's Mechanisms of Microbial Disease—5th Edition~~

This 5th edition provides students with a thorough understanding of microbial agents and the pathophysiology of microbial diseases. The text is universally praised for "telling the story of a pathogen" in an engaging way, facilitating learning and recall by emphasizing unifying principles and paradigms, rather than forcing students to memorize isolated facts by rote.

~~Schaechter's Mechanisms of Microbial Disease 5th Edition ...~~

Buy Mechanisms of Microbial Disease 4th edition (9780781753425) by N.C. Engleberg, Terry Dermody and Victor DiRita for up to 90% off at Textbooks.com.

Buy Schaechter's Mechanisms of Microbial Disease: North American Edition - With Access 5th edition (9780781787444) by Terence Dermody for up to 90% off at Textbooks.com.

~~Schaechter's Mechanisms of Microbial Disease, Fifth Edition~~

Schaechter's Mechanisms of Microbial Disease provides students with a thorough understanding of microbial agents and the pathophysiology of microbial diseases. The text is universally praised for "telling the story of a pathogen" in an engaging way, facilitating learning and recall by emphasizing unifying principles and paradigms, rather than forcing students to memorize isolated facts by rote.

~~Schaechter's Mechanisms of Microbial Disease~~

Schaechter's Mechanisms of Microbial Disease. The text facilitates learning and recall by emphasizing unifying principles and paradigms, rather than forcing students to memorize isolated facts by rote. Case studies with problem-solving questions give students insight into clinical applications of microbiology.

~~GMS 6121: INFECTIOUS DISEASES~~

Written to promote discussion, extrapolation, exploration, and multidimensional thinking, Virulence Mechanisms of Bacterial Pathogens serves as a textbook for graduate courses on bacterial pathogenesis and a resource for specialists in bacterial pathogenicity, including molecular biologists, physician scientists, infectious disease clinicians, dental scientists, veterinarians, industry researchers, and technicians.
