Helping healthcare organizations confidently provide informed, collaborative and effective care. MCG's transparent assessment of the latest research and scholarly articles, along with our own data analysis, gives patients, providers and payers the vetted information they need to feel confident in every care decision, as well as providing a means to have collaborative discussions about care.

~~Healthcare Management Solutions for Providers | MCG Health~~
I received a heads up a little over a month ago that Milliman Care Guidelines had been adopted by CMS to determine appropriate level of care. I scoffed at the concept because federal guidelines that you and I get to review as proposed rule before they become final would certainly not be overridden with private company standards without little or no warning.
