To add an MV-90 xi user, navigate down to the Users table within the database. Since all MV-90 xi users require the same permissions in PSQL to use the MV-90 xi system, it is recommended that only one MV-90 xi user be created in PSQL security and that this same user info be entered in the MV-90 xi Setup step on each MV-90 xi workstation.

IX-MV - Aiphone

MV-90 is Itron's meter data collection
and processing application. It is used by
over 600 utilities in North America.
MV-90 xi - This is a new release of the
software from May 2004 that runs on
Windows (the original software was MS-
DOS based).; MV-90 used Translation
Interface Modules (TIM) to translate data
from different meters with different data
formats.
