NOW WE ARE DEAD is a spinoff from the Logan McRae series featuring the glorious DS Roberta Steel. I say glorious in a "slightly ironic / well of course she's a bit gross but she's unapologetically over the top about everything / has a heart of gold / seriously / if you can't handle your women strong, forceful, and a bit swearsy what are you doing When I read this back in January I posted a review.

With Now We Are Dead, Stuart Macbride is back to his best. DI Steel is a great character and this story really does her justice. We see her soft side for a change too, which makes her more believable.
