This is a must have for any outdoor situation that requires cooking. It swivels over the fire and around it so you can create areas that are directly over the fire, and off to the side of the fire. For the first use make sure you burn off the black coating, if not then the black painted stuff will stick to whatever you grill.

Amazon.com: Outdoor Fireplace Cooking

Most outdoor cooking is dictated by the foods themselves which are to be cooked. The first five discussions below, of direct heat, boiling, frying, grilling, and roasting, will, perhaps, describe the cooking methods employed most often in outdoor cooking. These techniques will require only rudimentary, commonsensical tools.
