Stephen Houlgate

Stephen Houlgate. My interpretation of Hegel's logic and his philosophy more generally continues to be guided by his claim that speculative thought develops immanently and without systematic presuppositions. I thus contest Heidegger's assertion that Hegel thinks 'in accordance with a predetermined idea of being'...

Read Online Stephen Houlgate

Hegel is one of the most important modern philosophers, whose thought influenced the development of existentialism, Marxism, pragmatism, hermeneutics and deconstruction.

Opening of Hegel's Logic | Purdue University Press

Terrific prof. He channels Hegel like a medium. I took this class several years ago and Houlgate's way of reading metaphysics has made a lasting impression. In fact, it opened doors into a deeper understanding both of philosophy and of mathematics. The Science of Logic is takes hard work but Houlgate is a world-class guide.
