New figures reveal one police officer, paramedic or firefighter is taking their own life every six weeks. But the true extent of the problem is unknown and the actual number may be much higher.

~~Police, Firefighter, and Paramedic Stress: An Annotated ...~~

They are frequently subjected to additional stress when their efforts are criticized by family members of the injured or deceased. Although stress can be harmful, even fatal, police officers, firefighters, and paramedics can have more productive and satisfying lives when they learn to positively control stress, rather than be controlled by it.

Can you think of a career that's requires more physical activity and responsibility than a police officer or fire fighter? The stress - both physical and emotional. The relentless demands. When it comes to emergency service workers, there are no other jobs quite like them. It comes as no surprise that to even be considered for these jobs, you have to pass rigorous fitness tests that leave ...

~~Blood Pressure in Firefighters, Police Officers, and Other ...~~

Firefighters work closely with other emergency response agencies such as the police and emergency medical service. A firefighter's role may overlap with both. Fire investigators or fire marshals investigate the cause of a fire. If the fire was caused by arson or negligence, their work will overlap with law enforcement.
