(e.g. after-school science clubs, 4-H, scouts). Rural youth reported lower rates of participation in after-school science clubs and a greater desire to participate in after-school science programming than urban youth. Latino/a youth tend to have fewer informal science experiences than non-Latino/a youth, particularly in urban areas.

For young people living below the poverty line in rural areas, the idea of moving to the big city may be enticing. But the increased job opportunities in urban areas is only a small piece of a much larger picture when it comes to social mobility.

(PDF) Poverty, Youth and Rural-Urban Migration in Ethiopia
In the course of their careers, social workers

Get Free Poverty Youth And Rural Urban Migration In Ethiopia

are regularly exposed to poverty in rural settings, urban environments, or both. While social workers are, of course, aware of the negative socio-economic impact of poverty in general, there are particular aspects of rural and urban poverty that must be distinguished in order to effectively address them.

Urban poverty in the Global South does not occur in a vacuum: many of the urban poor are recent migrants

Get Free Poverty Youth And Rural Urban Migration In Ethiopia

from rural areas who have come to the city in search of a better life. With them, they often bring traditional practices, and need access to informal support networks made up of other recent migrants to help them settle in and learn the basics of urban survival.
