Romans In A New World

Romans in a New World shows how the ancient Romans haunted the Spanish conquest of the New World, more often than not as passionately rejected models. While the conquistadors themselves and their publicists challenged the reputations of the Romans for incomparable military genius and daring, Spanish critics of the conquest launched a concerted assault upon two other prominent uses of ancient Rome as a model: as an exemplar of imperialistic motives and behavior fit for Christians to follow ...

Romans in a New World - University of Michigan Press

Romans in a New World holds much to interest both classicists and students of the history and culture of early modern Europe--especially, though not exclusively, historians of Spain. David A. Lupher's concern with the ideology of imperialism and colonization and with cross-cultural negotiations will be useful to students of cultural studies, as well.

Engraved in Latin in the frontispiece of El escudo de armas de Mexico (1746), this story shows that Iberians and their descendants understood their actions in the New World as both following in the footsteps of Rome and "topping off" Rome. Luper's Romans in a New World explores in fascinating detail the politics of these two interwoven themes.
