~~SAP — How to generate an XSD/IDoc Schema | Randy Aldrich ...~~

The IDoc (Intermediate Document) is an SAP file format. It is intended for transfer of transaction data. The structure of an IDoc is prescribed by the IDoc type and defines the exact length and position of fields in the file. The IDoc is divided into a header line, any number of data segments and status records.

~~SAP interfaces overview: IDoc, RFC, BAPI, REST, SOAP~~  
IDOC is a container that can be used to exchange data between any two processes. Each IDOC is assigned a unique number for tracking and future reference. IDOC consists of
