Catering Services Agreement - Contract Standards

under the Catering Services contract. Where quality standards are set out, they are the minimum acceptable level to be achieved on a consistent basis. The specifications are not exhaustive and are to be taken as indicative of the general standards which are to be achieved.

Catering Specification of Requirements [PDF]

Client does not usually benefit from any savings, but an agreement can be made to split any savings between caterer, client and catering team. Contract can incorporate an incentivised management fee based upon performance. A service level agreement (SLA) is drawn up and caterer agrees to put part of their fee at risk.

Understanding the different types of catering contracts ...

An airline meal, airline food, or in-flight meal is a meal served to passengers on board a commercial airliner. These meals are prepared by specialist airline catering services and normally served to passengers using an airline service trolley. These meals vary widely in quality and quantity across different airline companies and classes of travel. They range from a simple snack or beverage in short-haul economy class to a seven-course gourmet meal in a first class long-haul flight. The types of
