The legality of Library Genesis has been in question since 2015 because it allegedly grants access to pirated copies of books and paywalled articles, but the site remains standing and open to the public.

Storms Of My Grandchildren The

"In Storms of My Grandchildren: The Truth About the Coming Climate Catastrophe and Our Last Chance to Save Humanity, James Hansen gives us the opportunity to watch a scientist who is sick of silence and compromise; a scientist at the breaking point -- the point at which he is willing to sacrifice his credibility to make a stand to avert disaster, to offer up the fruits of four-plus decades of inquiry and ingenuity just in case he might change the course of history...An urgent book."

Storms of My Grandchildren: The Truth About the Coming ...

The title of the book, Storms of My Grandchildren, refers to the ferocious and stormy weather events that will occur in the next generation if fossil fuel use continues in the way it has. In Hansen's evaluation, the response of politicians to this crisis has mainly been "greenwashing", where their proposals sound good but amount to little.

Storms of My Grandchildren - Wikipedia

Storms of My Grandchildren provides some of the most lucid explanations of technical aspects of global climate change in the, now, voluminous literature. However, there is a disturbing pattern within Hansen's book, that the closer the discussion gets to his area of expertise, the less clear he gets.
