Manufactured in North Carolina

Last stop on my whirlwind tour of the textile manufacturers of Northern Ireland was Ulster Weavers. Despite the name, the 127 year old company has not woven cloth for many years. They moved into the home textile market in the 1960's, specialising at first in Irish linen tea towels.

The Irish linen industry and my tour of the textile ...

In Roman times, wool, linen and leather clothed the European population, and silk, imported along the Silk Road from China, was an extravagant luxury. The use of flax fiber in the manufacturing of cloth in Northern Europe dates back to Neolithic times. During the late medieval period, cotton began to be imported into Northern Europe.

Textile industry - Wikipedia

Impact of Slavery on the Northern Economy One of the major themes in American history is sectionalism; some historians trace the origins of this development within the colonial regions. As John Garraty noted in *The American Nation* (1995, pp. 35-64), by the antebellum period the three colonial regional sections had coalesced, and there were now only two sections: the North and the South.
