*Japanese Sword Shop Aoi-Art | Japanese Sword , Katana ...*

The art of sword combat, as with all martial arts, had both a physical and spiritual level. Kenjutsu taught the samurai every single aspect of war, including how to effectively gaze at the enemy to rattle his cage, a concept that's been utilized ever since, most notably by a prime Mike Tyson.

*Japanese sword - Wikipedia*

The art of sword fighting was made popular due to its numerous appearances in movies, especially from Japanese films where it owes its prominence. Yet despite this, the various sword techniques have also been a great element of the Western world and the medieval period is excellent proof that swordsmanship was practiced in these areas.

A Japanese sword (Japanese: 日本刀, Hepburn: nihontō) is one of several types of traditionally made swords from Japan. Swords have been made from as early as the Kofun period, though most people generally refer to the curved blades made after the Heian period when speaking of "Japanese swords". There are many types of Japanese swords that differ by size, shape, field of application and ...
