**Is James Rickards Right About A Coming Monetary Apocalypse?**

And while these currency wars have been going on for years, some believe they will soon lead to the death of money. The conditions that led to the US dollar as the world reserve currency after World War II no longer exist. Nations that were little more than impoverished backwaters seventy years ago are now emerging superpowers.

**The Death of Money Review - Is the End Near?**

The Death of Money is about the demise of the dollar. By extension, it is also about the potential collapse of the international monetary system because, if confidence in the dollar is lost, no other currency stands ready to take its place as the world's reserve currency. The dollar is the linchpin.
