Reissue of J. A. Baker's extraordinary classic of British nature writing. Despite the association of peregrines with the wild, outer reaches of the British Isles, The Peregrine is set on the flat marshes of the Essex coast, where J A Baker spent a long winter looking and writing about the visitors from the uplands - peregrines that spend the winter hunting the huge flocks o

The peregrine is a large and powerful falcon. It has long, broad, pointed wings and a relatively short tail. It is blue-grey above, with a blackish top of the head and an obvious black 'moustache' that contrasts with its white face. Its breast is finely barred. It is swift and agile in flight, chasing prey.

"The Peregrine by J.A. Baker . . . [is a] darkly poetic and episodic work about a man obsessively watching wild peregrine falcons in the British countryside. Written at a time when the extinction of the peregrine and nuclear apocalypse both seemed imminent, this is a book about the poetry of death and loss as much as it is about hawks." —Helen Macdonald, The Week
