The road to excellence: the acquisition of expert performance in the arts and sciences, sports, and games. Some of the book's chapters extend the review to the acquisition of everyday-life skills such as reading, to the performance of teams of experts, and to the development of creative achievement, geniuses, and artistic child prodigies.

PwC All-Stars: The Road to Excellence - Cian O’Sullivan

The Road to Excellence is relevant to all companies in all industries but particularly important for small and mid-sized businesses. Learn how to create a viable, sustainable growth plan for your business.

ON THE ROAD TO EXCELLENCE 1

The road to excellence: Deliberate practice and the development of expertise. Maturational indices, time spent in playful activities, sporting diversity and time at which specialization occurred did not differentiate between groups. Engaging in activities deliberately designed to improve performance rather than mere experience within the domain or experience of related activities is likely to lead to elite status.

Excellence is a game of inches. Every one thing you do a little bit better creates excellence. So become an inch better—as a parent, spouse, employer, employee, professional, or friend—and see what a difference that inch makes. Remember, the difference between the person who wins the race and the person who comes second, is only an inch!
