The Textile Book: Jasbir Kaur: Berg Publishers

This book is a small miracle! The only book of its kind, it should be at the top of the reading list for all students on Textiles courses, at whatever level. It offers a complete, intelligent but accessible, overview of the whole world of Textiles today, from fashion design to textile art to journalism and beyond.

The Textile Book: Colin Gale: Jasbir Kaur: 9781859735121 —

Textiles are central to our lives and are at the heart of the world's largest industries. In recent years there has been a dynamic shift in attitudes toward textiles, fuelled in part by explosive developments in technology. While textiles have always retained roots in craft and industry, the discipline now embraces a much wider range of practices.

The Textile Artist: Layered and Stitched Pictures — Katie —

There are books on textile conservation available, but they are often very expensive and highly specialized and technical, intended for a readership of professional textile conservators and conservation students. The most commonly offered, and most frequently repeated, piece of advice in these books is to consult a professional textile conservator before doing anything.

The Textile Book

Textiles are central to our lives and are at the heart of the world's largest industries. In recent years there has been a dynamic shift in attitudes toward textiles, fuelled in part by explosive developments in technology. While textiles have always retained roots in craft and industry, the discipline now embraces a much wider range of practices. Innovations in the industry demand a fresh ...
