2 Minute Safety Talks - SafetyInfo

Safety Meeting Workplace and Toolbox Topics. Safety toolbox and tailgate talks are meant reinforce safety best practices on a particular topic in your workplace. In some cases, like in California for certain industries (like construction), they're required by law.

ToolBoxTopics

Toolbox talks are a mainstay of occupational job safety at the level where it counts: the worker doing the job. They refer to quick and easy meetings, "around the toolbox" as it were, designed to systematically educate workers in topics that will help keep them safe, and also allow workers to bring to the attention of their superiors situations they are facing that are not safe.
