The evolution of 3D games | TechRadar

The world needs saving from the worst of the worst. This tips and tricks guide for Sniper 3D Assassin will push you towards ridding the world of them all.

Tricks Of The 3d Game

Tricks of the 3D Game Programming Gurus helps its readers make great progress in creating 3D worlds and the action that goes on in them. That this large, dense book manages to explain how to design and implement a 3D game while neither glossing over too many details nor swamping the reader with trivia is a credit to author André LaMothe.
