Annual VUB Banquet

Upward Bound Math & Science prepares high school students who are low-income and first-generation college students to enter and successfully complete college. The program works with students, their parent(s), and their school to help develop self-confidence, self-discipline, and the responsible nature needed to build a strong foundation for high school, college, and life.

SIUE Upward Bound Math and Science Students Celebrate ...
Upward Bound students are committed to participate in the six-
week summer residential academic program during June and July
each year. During the first week of the summer residential
program, the students participate in an academic field trip,
which gives them experiences to build on during the next five
weeks in their summer academic classes.
