Shipping is the act of creating a romantic pairing between two people or characters who are not otherwise romantically linked. Shippers are the people who ship these characters; the pairing itself is called a ship.. If you're feeling lost at sea, it may help to know that all these terms find their ultimate origin in the word relationship.. Shipper and the noun ship show up first, coming into ...

Ship — Words We're Watching | Merriam-Webster

Naval architecture, or naval engineering is an engineering discipline incorporating elements of mechanical, electrical, electronic, software and safety engineering as applied to the engineering design process, shipbuilding, maintenance, and operation of marine vessels and structures. Naval architecture involves basic and applied research, design, development, design evaluation (classification ...
